## **Not Your Regular Trust: Medicaid Trusts for Asset Protection**

This webinar will go through the basic nuts and bolts of the Medicaid Trust as an asset protection strategy for long-term care costs. During the presentation we will discuss:

- Basic Medicaid eligibility rules;
- Timing of the plan you put in place;
- Required trust provisions and why they're important; and
- The uses for single persons and married couples.

If you or a loved one face potential placement in a long-term care facility in the future, then you may want to consider if including a Medicaid Trust in your estate plan is right for you. There will be a question-and-answer portion after the presentation.

Speaker: Sandra M. Schildgen, Attorney at Law
